Report on the Awareness Programme On "Prevalence of Superstitious Beliefs".

An awareness programme on the prevalence of superstitious beliefs was held at West Guwahati Commerce College on 10th Dec 2025 at 12 noon. The programme aimed to make students aware of how superstitions still influence people's lives and to encourage them to think logically.

The talk was delivered by Dr. Tapan Sarma, Retired Associate Professor of North Guwahati College, Guwahati-12. In his interaction with the students, Dr. Sarma explained how superstitions develop, why people continue to believe in them, and how they can affect daily life. He also reminded the students about the importance of questioning unscientific practices and understanding things with the help of reasoning and evidence. His examples and explanation made the session lively and easy to follow.

Students from three institutions took part in the programme. From Balavadra M.F. School, 10 students attended. Another 10 students joined from Pandu College and 30 students from West Guwahati Commerce College took part as well. Their participation helped create an interactive atmosphere, with several students sharing thoughts and asking questions.

The programme ended with a vote of thanks to the resource person by Dr. Subrata Bhownick, Assistant co-ordinator, IQAC and to all the
